

Bennett Art Program

2019-2020

Hello, my name is Molly Babcock and I have been the art teacher at Bennett Elementary for 20 years. Students will be able to explore a variety of materials and techniques to express themselves in the art studio. We will observe and explore , think in new and innovative ways, and persevere and learn from mistakes.

We will explore art through the expressive elements of color, line, shape, form, value, space and texture.

Each grade level has a theme for the year, these are our Central Ideas:

Kindergarten

Personal feelings, ideas, and imagination are conveyed through the language of art.

First Grade

Artists tell stories that connect familiar people, places, and things to the world around them.

Second Grade

Artists and viewers contributed and connect to their communities.

Third Grade

Through purposeful art making, people can preserve history and culture.

Fourth Grade

Artists use characteristics and expressive features to articulate different points of view.

Fifth Grade

People can make creative choices to transform the ordinary into the extraordinary.

Please feel free to contact me with any concerns or questions you may have throughout the year.
